

Topics & Speakers

- Dermatologic Considerations in Skin of Color - *Andrew Alexis, MD, MPH*
- Procedural Dermatology Part 2: Cosmetic Dermatology - *Robert Anolik, MD*
- Epidermal Growths and Tumors - *Jeremy Brauer, MD*
- Principles of Photobiology, Phototherapy, and Associated Disorders - *Jeremy Brauer, MD*
- Procedural Dermatology Part 1 - *David Ciocon, MD*
- Viral Infections, STDs, and Cutaneous Manifestations of HIV - *Manju Dawkins, MD*
- Cutaneous Lymphomas and Leukemia's and Other Lymphoproliferative/ Myeloproliferative Disorders - *Garrett Desman, MD*
- Dermal Tumors - *Garrett Desman, MD*
- Bacterial Infections - *Adam Friedman, MD*
- Biology of the Epidermis, Basement Membrane Zone, and Dermis - *Adam Friedman, MD*
- Parasites, Bites, and Stings - *Adam Friedman, MD*
- Pruritus, Neurocutaneous, and Psychocutaneous Disorders - *Adam Friedman, MD*
- Urticaria, Angioedema, and Erythemas - *Adam Friedman, MD*
- Dermatopathology Part I - *Gary Goldenberg, MD*
- Dermatopathology Part II - *Gary Goldenberg, MD*
- Biology of Oral Cavity and Genitalia and Associated Disorders - *Caroline Halverstam*
- Congenital and Acquired Vesico-bullous Disorders - *Karthik Krishnamurthy, DO*
- Dermatology - Rheumatologic Disease - *Karthik Krishnamurthy, DO*
- Panniculitides and Lipodystrophies - *Karthik Krishnamurthy, DO*
- Vasculitis, Vasculopathies and Neutrophilic Dermatoses - *Karthik Krishnamurthy, DO*
- Biology of Nails and Nail Disorders - *Eun Ji Kwon, MD*

- Genodermatoses - *Diana Lee, MD, PhD*
- Biology of Hair and Hair Disorders - *Beth Mclellan, MD*
- Dermatologic Signs of Systemic Conditions - *Beth Mclellan, MD*
- Disorders of Metabolism and Systemic Disease - *Beth Mclellan, MD*
- Psoriasis, Psoriasiform Dermatoses, and other Papulosquamous Diseases (lichenoid, PR, PL)
- *Andrea Neimann, MD*
- Pediatric Dermatology Part 1 - *Crystal Pourciau MD, MPH*
- Pediatric Dermatology Part 2 - *Crystal Pourciau MD, MPH*
- Atopic Dermatitis and Other Eczematous Disorders - *Lorraine Rosamilia, MD*
- Disorders of Langerhan Cells and Macrophages - *Lorraine Rosamilia, MD*
- Dermatophytoses, Candidiasis and Deep Fungal Infections - *Julie Russak, MD*
- Biology of Apocrine, Eccrine, and Sebaceous Glands and Associated Disorders - *Joshua Zeichner, MD*
- Contact Dermatitis and Occupational Dermatoses - *Jonathan Zippin MD, PhD*
- Dermatopharmacology - *Jonathan Zippin MD, PhD*
- Introduction to Immunodermatology - *Jonathan Zippin MD, PhD*
- Melanocyte Biology and Disorders of Pigmentation - *Jonathan Zippin MD, PhD*
- Melanocytic Tumors and Melanoma - *Jonathan Zippin MD, PhD*
