

Joseph F. Goldberg, MD

Clinical Professor of Psychiatry

Icahn School of Medicine at Mount Sinai

New York, NY

BIO

Joseph F. Goldberg, MD, is clinical professor of psychiatry at the Icahn School of Medicine at Mount Sinai in New York and director of the Affective Disorders Research Program at Silver Hill Hospital in New Canaan, CT. Dr. Goldberg attended college at the University of Chicago, graduate school in neuroscience at the University of Illinois, and medical school at Northwestern University. He completed his residency and chief residency in psychiatry and a fellowship in psychopharmacology at the Payne Whitney Clinic, New York-Presbyterian Hospital, where he later served on the faculty and was site principal investigator at Weill-Cornell Medical Center for the National Institute of Mental Health (NIMH) Systematic Treatment Enhancement Program for Bipolar Disorder (STEP-BD) program.

Dr. Goldberg has published more than 180 peer-reviewed papers on topics related mainly to the treatment and clinical features of bipolar disorder. He also published three books on bipolar disorder and psychopharmacology, most recently *Managing the Side Effects of Psychotropic Medications*, published in 2012 by American Psychiatric Association Publishing.

Dr. Goldberg serves on the American Society of Clinical Psychopharmacology board of directors and is on the editorial boards for a number of peer reviewed journals. His research has been awarded funding from the Brain and Behavior Research Foundation (formerly NARSAD), NIMH, the Stanley Foundation, and the American Foundation for Suicide Prevention. Dr. Goldberg is a Distinguished Fellow of the American Psychiatric Association and has been listed for many years in Best Doctors in America and Castle Connolly's "America's Top Doctors."
