

## **JASON LEIDER, MD**

Dr. Leider is a Professor of Clinical Medicine at the Albert Einstein College of Medicine, Yeshiva University. He is the Medical Director of the North Bronx Health Care Network, and the Associate Medical Director, HIV services at the Jacobi Medical Center. Dr. Leider received his medical degree and doctorate in microbiology and biomedical sciences from Mount Sinai School of Medicine. He is a member of the American Association for the Advancement of Science, American College of Physicians, American Academy of HIV Medicine and American Medical Association. Dr. Leider has been the principal investigator on numerous HIV clinical trials investigating new therapies, treatment strategies and HIV testing/linkage to care. Recently, Dr. Leider and his co-investigator Dr. Calderon, were recognized with the 2016 AAHIVM/Institute for Technology for Health Care in HIV Practice Award for their innovative HIV testing program, project BRIEF. Dr. Leider has written many articles that have appeared in leading peer reviewed journals, including Annals of Internal Medicine, JAIDS, PLoS One and Journal of Virology.
