

# Animated Rhythms Course Outline

1. Normal sinus rhythm
2. Sinus bradycardia
3. Sinus tachycardia
4. First degree AV block
5. Sinus arrhythmia
6. SVT
7. Atrial flutter
8. Second degree AV block-Mobitz I (Wenckebach)
9. Second degree AV block-Mobitz II
10. Third degree AV block (complete heart block)
11. Atrial fibrillation
12. Junctional rhythm
13. Premature beats
14. Escape beats
15. Ventricular tachycardia
16. Ventricular fibrillation
17. Idioventricular rhythm
18. Agonal-asystole
19. QT-interval (prolongation)...Bazett's Equation...corrected QT interval QTc
20. Multiatrial rhythm
21. Sinus arrest
22. Sinus exit block
23. Non-conducted PAC
24. Electronic dual chamber pacemaker
25. Briefly touches on the following 12-lead ECG:
  - RBBB
  - LBBB
  - WPW
  - LAFB
  - LVH
  - Electrical axis
  - Myocardial infarction/ischemia
  - Polymorphic ventricular tachycardia.....Torsades de Pointe
26. Brugada Syndrome
