

BIO

Michael Davidson, MD, FACC, FACP, FNLA

Dr. Davidson is Professor of Medicine and Director of the Lipid Clinic at the University of Chicago and is board-certified in internal medicine, cardiology, and clinical lipidology. An active researcher, Dr. Davidson's clinical research background encompasses both nutritional and pharmaceutical clinical trials. His extensive research on statins, novel lipid-lowering drugs, and non-pharmacologic risk factor reduction has established him as a key opinion leader in this area. A prolific author and lecturer on lipid disorders, nutrition, and atherosclerosis, Professor Davidson has coordinated more than 1,000 clinical trials in areas of preventive cardiology and published more than 350 articles for leading medical journals and has written 3 books on Lipidology.
