

Anthony J. Lembo, MD

Associate Professor of Medicine

Harvard Medical School

Department of Medicine, Division of Gastroenterology

Beth Israel Deaconess Medical Center

Boston, MA

Anthony J. Lembo, MD is an Associate Professor of Medicine at Harvard Medical School. He also serves as the Director of the GI Motility Laboratory at the Beth Israel Deaconess Medical Center (BIDMC) Division of Gastroenterology in Boston, MA.

Dr. Lembo earned his undergraduate degree in Mathematics at Amherst College in Amherst, MA and then received his MD from Tufts Medical School in Boston, MA. He subsequently completed his Internal Medicine Internship/Residency as well as Gastroenterology Fellowship at UCLA Medical Center in Los Angeles, CA. Dr. Lembo subsequently became a Clinical Instructor of Medicine at UCLA in 1996 and served as the co-Director of the FBD and GI Motility Center at UCLA Medical Center. While at UCLA Dr. Lembo conducted research in Functional Bowel Disorders. In 1997 he joined the faculty at BIDMC in Boston MA.

His research interests include functional bowel disorders such as IBS, chronic constipation, and dyspepsia. His research interests also include studying the role of placebo in functional bowel disorders.
