

David Topolsky, MD, Hematologist & Medical Oncologist, Cancer Treatment Centers of America, Philadelphia

Dr. Topolsky has nearly 30 years of experience as a hematologist-oncologist and medical oncologist. He completed an internship and residency in internal medicine, as well as a hematology & oncology fellowship, at Hahnemann Medical College (Drexel University College of Medicine) in Philadelphia, Pennsylvania.

For several years, Dr. Topolsky was an associate professor of hematology-oncology at Drexel University College of Medicine/Hahnemann University Hospital in Philadelphia. While with the university hospital, he served as medical director of its national marrow donor transplant center and as co-medical director of its stem cell processing lab. Dr. Topolsky has been published extensively in leading clinical journals.

Currently, he is a hematologist and medical oncologist at CTCA in Philadelphia.
