Todd J. Swick, M.D. is board certified in neurology and sleep medicine (American Board of Sleep Medicine and the American Board of Psychiatry and Neurology with a subspecialty in Sleep Medicine). He is Assistant Clinical Professor of Neurology at The University of Texas School of Medicine-Houston and is Senior Medical Director of Neurology and Sleep Medical Consultants of Houston. He is the Medical Director of The North Cypress Medical Center Sleep Disorders Center and Apnix Sleep Diagnostic Centers in Houston, Texas. He has been practicing in Houston, Texas for the past 34 years and has spent the last fifteen years doing sleep medicine on an exclusive basis. He has close to 4000 patients in his practice and one of the largest Narcolepsy practices in Texas.

He has published numerous papers involving neurologic sleep physiology, narcolepsy, chronobiology, sleep and wake disorders associated with Parkinson's disease and the interaction between pain and sleep in chronic pain syndromes.

Dr. Swick has been involved in over 100 FDA approved Clinical Research trials, most recently for, Insomnia, Narcolepsy, Non 24-Hour Sleep Disorder in totally blind individuals, Jet Lag, Parkinson's disease, Fibromyalgia, Epilepsy, and Alzheimer's disease.

In Oct 2014, The National Narcolepsy Network, in Denver, CO, awarded the 2014 Robert Clark, MD, Clinician of The Year Award, to Dr. Swick.

He serves as a national speaker on Sleep Medicine & Neurology for national and international pharmaceutical companies such as Merck, Jazz Pharmaceuticals, XenoPort Pharmaceuticals, UCB Pharma and Vanda Pharmaceuticals.

He is serving as an international sleep medicine consultant assisting in setting up Sleep Medicine Centers in The People's Republic of China.
