

Roger S. McIntyre, M.D., FRCPC
Professor of Psychiatry and Pharmacology
University of Toronto
Head, Mood Disorders Psychopharmacology Unit
University Health Network Toronto, Canada

Dr. McIntyre is currently Professor of Psychiatry and Pharmacology at the University of Toronto and Head of the Mood Disorders Psychopharmacology Unit at the University Health Network in Toronto, Canada.

After completing his medical degree at Dalhousie University, Dr. McIntyre received his Psychiatry residency training and Fellowship in Psychiatric Pharmacology at the University of Toronto in Canada.

Dr. McIntyre is currently involved in multiple research endeavors which primarily aim to characterize the association between mood disorders and medical comorbidity. This research involves elucidating metabolic adverse events associated with the use of psychotropic medications, the impact of medical comorbidity on the course of mood disorders, and the effect of glucose homeostasis on neurocognition. Dr. McIntyre was named by Thomson Reuters in 2014, as one of The World's Most Influential Scientific Minds. This distinction was bestowed upon researchers who publish the largest number of articles that rank among those most frequently cited in 21 broad fields of science during the previous decade.

With extensive involvement in medical education, Dr. McIntyre is a highly sought-after speaker at both national and international meetings. He has received several teaching awards from the University of Toronto, Department of Psychiatry, and has been a recipient of the joint Canadian Psychiatric Association (CPA)/Council of Psychiatric Continuing Education Award for the Most Outstanding Continuing Education Activity in Psychiatry in Canada.

Dr. McIntyre is the co-chair of the Canadian Network for Mood and Anxiety Treatments (CANMAT) Task Force on the Treatment of Comorbidity in Adults with Major Depressive Disorder or Bipolar Disorder and a contributor to the CANMAT guidelines for the treatment of Depressive Disorders and Bipolar Disorders. Dr. McIntyre has published extensively in leading peer-reviewed journals and textbooks. He is also a reviewer for many journals including the American Journal of Psychiatry, Biological Psychiatry, Journal of Clinical Psychiatry, and The New England Journal of Medicine.
