The James and Ohio State University College of Medicine

Columbus, OH

David O'Malley MD is the Division Director of Gynecologic Oncology within the Department of Obstetrics and Gynecology and the James Cancer Hospital and Solove Research Institute in Columbus, OH. Dr. O'Malley is currently Professor of Obstetrics and Gynecology at The Ohio State University (OSU) College of Medicine. A native of Michigan, he received his BA from the University of Notre Dame, MD from Wayne State University, followed by a residency in obstetrics and gynecology at Case Western Reserve - Metro Health and the Cleveland Clinic.

Dr. O'Malley then completed fellowship training in gynecologic oncology at Yale University before joining the OSU faculty in 2005. A talented surgeon and clinician, Dr. O'Malley has been a productive investigator, having published over 150 articles, including publications in The New England Journal of Medicine, Lancet Oncology, JAMA Oncology, Nature Genetics, Nature Communications, and the Journal of Clinical Oncology. He serves on the editorial board for Gynecologic Oncology, the leading journal in gynecologic cancer. He is currently active nationally and has served on a number of committees as a member of the Society of Gynecologic Oncology, Ovarian Cancer and Developmental Therapeutics Working Groups of NRG Oncology, panel member of the National Comprehensive Cancer Network (NCCN) Guidelines for Ovarian Cancer since 2008, National Cancer Institute (NCI) Gynecologic Cancer Steering Committee's Ovarian Task Force, and GOG Partners Leadership Committee (Ovarian Cancer Clinical Trialist). Since 2013, he has served as the Director of Clinical Research for the gynecologic oncology division, developing it into one of the premier clinical research programs in the country. He oversaw and led scores of clinical trials conducted at the James Comprehensive Cancer Center, including co-Principal Investigator (PI) of the NCI Lead Academic Participating Site grant while serving as PI for multiple national and international trials. He has been recognized as one of the Top Doctors since 2010.
