

Faculty Bio

Muthiah Vaduganathan, MD, MPH

Co-Director, Center for Cardiometabolic Implementation Science
Brigham and Women's Hospital
Harvard Medical School
Boston, MA

Muthiah Vaduganathan, MD, MPH is a cardiologist and clinical trialist at Brigham and Women's Hospital and Harvard Medical School. He is co-director of the Center for Cardiometabolic Implementation Science at Brigham and Women's Hospital. He is a co-chair of a Heart Failure Collaboratory committee focused on improving future clinical trials in heart failure. He is a Section Editor of the Fellows-in-Training / Early Career section of JACC, Associate Editor of JACC Heart Failure, and serves on the editorial board of the European Journal of Heart Failure. His research focuses on drug development, clinical trials, and implementation of cardio-renal-metabolic therapies, and he has authored or co-authored more than 500 peer-reviewed publications. He participates on study leadership and on committees of ongoing advanced-phase trials in cardiometabolic medicine and heart failure.
