

## Faculty Bio

**Kelley A. Rone, DNP, RN, AGNP-c**  
NP Hematology/Medical Oncology  
Mayo Clinic Hospital  
Phoenix, AZ

**Kelley A. Rone, APRN, DNP**, is an advanced practice nurse in gastrointestinal (GI) oncology at the Mayo Clinic in Phoenix, Arizona. She earned a Bachelor of Science in nursing from Texas Woman's University and completed her doctor of nursing practice at Arizona State University. Her early nursing career was spent in medical surgical oncology at several Dallas-area hospitals, followed by outpatient oncology care with Texas Oncology. She spent 6 years working in cardiovascular intensive care while completing her education; but having missed caring for oncology patients while working in critical care, Dr. Rone returned to oncology upon entering the advanced practice field.

Working at the Mayo Clinic in Arizona has provided her with many opportunities to care for patients who are profoundly affected by advanced cancers.
