

Faculty Bio

Sorana Segal-Maurer, MD

Director, The Dr. James J. Rahal Jr. Division of Infectious Diseases,
NewYork-Presbyterian Queens
Professor of Clinical Medicine
Weill Cornell Medicine,
Cornell University
New York, NY

Sorana Segal-Maurer, MD is Director of Infectious Diseases at NewYork-Presbyterian Queens in Flushing, NY and Professor of Clinical Medicine at Weill Cornell Medicine in New York, NY. She has published extensively, as author of peer-reviewed articles on HIV treatment adherence, diagnosis, and treatment of metabolic and morphologic changes in HIV infected patients, and is an author of the section, "*Nutritional Metabolism and Support in the Setting of HIV Infection,*" in the Adult Nutrition Support Core Curriculum textbook. She is actively involved in HIV research, serving as principal investigator or co-investigator in phase II, III, IV clinical trials as well as investigator-initiated trials. Currently, she is the lead author on the 2022 NEJM publication of the CAPELLA trial where the use of lenacapavir was evaluated in a cohort of heavily treated persons living with HIV. She has been in clinical practice for nearly 30 years.

Dr. Segal-Maurer is board-certified in infectious diseases and is a Diplomate of the American Board of Medical Examiners. She received her medical degree from Icahn School of Medicine in New York, NY and completed an internship, residency, and infectious diseases fellowship at Albert Einstein College of Medicine/Montefiore Medical Center in Bronx, NY.
