Assistant Professor of Medicine

Weill Cornell Medical College

New York, NY

Sonal Kumar, MD, MPH, graduated summa cum laude from Washington University in St. Louis and obtained her medical degree from Washington University School of Medicine. She subsequently completed her internal medicine residency at Barnes-Jewish Hospital - Washington University School of Medicine and then her gastroenterology and hepatology fellowship at Brigham and Women's Hospital - Harvard University. During fellowship, she also received her Master of Public Health from the Harvard School of Public Health. Dr. Kumar is currently Assistant Professor of Medicine and Director of Gastroenterology and Hepatology at Weill Cornell Medical College. Her clinical and research interests focus on the diagnosis and management of patients with cholestatic liver disease and metabolic dysfunction-associated steatotic liver disease (MASLD). She also founded and is Director of ICHANGE, a multidisciplinary clinic for patients with MASLD and other gastrointestinal conditions related to obesity. Dr. Kumar is Director of the clinical trial program for studies in gastroenterology and hepatology and principal investigator for the majority of the clinical trials for MASLD and primary biliary cholangitis (PBC) at Weill Cornell.
